Quality is our strength

BHARAT PRIME

DESCRIPTION:

BHARAT PRIME PUMP – PRIMER is a uniquely formulated concrete pump primer. **BHARAT PRIME PUMP PRIMER** formulated to provide a cost – effective replacement for costly grout, Slurries or bagged cement. **BHARAT PRIME PUMP PRIMER** is the premier concrete pumping aid for use in concrete boom trucks, Concrete line trucks & portable concrete pumps. It is environmentally safe and compatible with all concrete materials.

ADVANTAGES:

- Increases ease and range of pumps ability
- Decreases wear on equipment.
- Reduce friction and line pressure.
- Packaged in easy to handle moisture barrier bags.
- Eliminates the need for carrying bagged cement.
- Easily to introduce in to pumping equipment.

DIRECTION FOR USE:

Use one pouch of 300gm in 100 Ltr. of water to prime up to 100 meter pipe line. Mix for 5 to 10 minutes, pour in to the priming port or hopper just prior to pumping.
